

Referral Guide

Animal Center for Emergency and Specialty (ACES) offers urgent care, oncology, and specialty services.

We fill the gap between regular primary care visits and true emergencies so pets and their families can get the right services, right when they need them.

We are here to support veterinary professionals in and around Wisconsin! We accept referrals for postoperative monitoring, surgery and endoscopy, ultrasound, and oncology. Here's your guide to referring your patients to ACES!

Have a patient with an urgent issue?

ACES offers flexible, same day or next day urgent care visits daily from 5 p.m. to 2 a.m. It's for issues that should be addressed within a few days but aren't life threatening.

Call us at 608-333-0500.

Postoperative monitoring

- › For patients who need after-hours attention or treatment after surgery
- › Offered 5 p.m. to 2 a.m. daily

Fill out the Postoperative Monitoring Referral Form (acesvetmed.com/post-op-monitoring-referral-form/) and make sure to include all medical, anesthesia, and discharge records.

Oncology

- › For patients with suspected or confirmed cancer
- › Offered 8 a.m. to 5 p.m. Monday–Thursday

Fill out the Oncology Referral Form (acesvetmed.com/oncology-veterinary-referral-form/). If the patient should be seen within 1-2 weeks or sooner, please also call us at 608-333-0500).

Surgery and endoscopy

- › For stable patients who need surgery or endoscopy urgently or within the next few days
- › Offered 5 p.m. to 2 a.m. daily

Call us at 608-333-0500 (for patients needing same-day services).

Fill out the Surgery and Endoscopy Referral Form (acesvetmed.com/overflow-surgery-referral-form/) (for patients needing non-urgent services).

Outpatient ultrasound

- › For patients needing abdominal, thoracic/neck, or echocardiogram/cardiac ultrasound
- › Offered 5 p.m. to 2 a.m. daily

Fill out the Ultrasound Referral Form (acesvetmed.com/outpatient-ultrasound-form/).
